

# CAJÓN DEL MAIPO & VALLE DE LA ENGORDA EXPERIENCE

## Full Day Tour

We have reserved a special adventure so that your five senses can enjoy the majestic Andes Mountain Range, being privileged witnesses of an impressive wild nature in one of the most exotic flora and fauna sceneries in the world. Early in the morning, and with the mountain breeze caressing us, we will start a 8 km (round trip) walk from "El Cabrerío" sector, named after the mule drivers who keep their animals in the corrals during the spring and summer seasons. Bordering the "Aguja Escondida" hill. Before entering "La Engorda" Valley, we will witness the high peaks of the Arena, Catedral, Navarrete and Punta Zanzi hills, the prelude to the imposing "San José" volcano, at 5,880 meters above sea level, it is a rocky massif that shows in its summit the border with our sister nation, Argentina. There, paradoxically, you will hear the unique silence of the mountain, it is the perfect place to admire the beauty of the earth. Because of the geography of the valley, there you will be able to enjoy a 360° panoramic view of the surrounding peaks and, probably, you will have the opportunity to observe the emblematic national bird of Chile, the condor, which takes advantage of the thermal winds of the mountain range to fly over the area. In addition, you will be able to see foxes, hares, vizcachas, caracaras and eagles, among other species. We will arrive at a point where we will be able to observe and contemplate for a few minutes the Valley of La Engorda in all its fullness. After a break that will allow us to immortalize the moment, we will enjoy a snack specially prepared for this adventure, and thus continue our course, this time through the north of the valley, so we can appreciate the Colina River more closely, and if the weather accompanies us, observe the majesty of the Espiritu Santo glacier. To end the day as it should, we will stop to eat a local box lunch, along with a soft drink to liven up the journey.

The experience has a total duration of approximately 10 hours, including the walk which we will adapt according to your own pace. Trust our specialized guides who will take you to **Cajón del Maipo & Valle de la Engorda Experience**.
