

ZAPALLAR & CACHAGUA ISLAND EXPERIENCE

Full day tour

Don't be just a spectator of Chilean heritage. Servitour Chile invites you to interact with the flora and fauna of the Chilean coast in an unforgettable experience between penguins, sea and typical gastronomy. Just 1 hour and a half from Santiago, 80km north of Valparaíso, Zapallar ("place of pumpkins" in Mapudungún) will captivate you with its beautiful landscapes and you will understand why in the 1960s it attracted countless European architects who left his legacy in what are currently the houses of the sector. Just meters from white sand beaches and crystal clear waters, the classic Italian and German architecture will transport you to a dream place. We will enter through unpaved streets, among natural forests in the area, through a beautiful path, bordering the rocky coast of this spa, made with resources from the area and at the hands of local workers. Once in the cove, the starting point of the boat ride, a fisherman with more years of experience in the area will take you to visit the Isla Cachagua Natural Monument, a place dedicated to the preservation of the emblematic Humboldt penguin and home to a diverse flora and fauna (garza cuca, swan, yeco duck, garuma, pitotoy, etc). This tour lasts approximately 1 hour. After this experience, we invite you to taste typical seafood at the Chiringuito, a traditional fishing restaurant, with fresh seafood taken directly from the Pacific Ocean and local cuisine to delight you. Rely on our specialized guides that will take you to **Zapallar & Cachagua Island Experience**.
